Dear Naima Boukhiar,

IEEE ISAIA 2026 TPC Committee is very pleased to inform you that you have been selected as a recipient of the IEEE ISAIA 2026 Student Travel Grant!

We remind you that the grant goes with the fact that you have completed the conference registration and must present in-person your paper at the 2026 IEEE ISAIA conference.

Furthermore, we kindly ask you to mention this award on the last slide of your presentation to 2026 IEEE ISAIA (or on the acknowledgement section of your poster presentation). We also remind you that you cannot combine this award with any other conference related award. Please alert us immediately if you have been awarded any other IEEE ISAIA 2026 award.

To receive the award funds, you must meet the following requirements:

1. You must be an IEEE member and an IEEE AP-S Member (or become one if you are not already a member). Up to four volunteer-hours will be expected from the student travel grant recipient during the conference.

2. The travel grant will cover eligible expenses up to a maximum of $1,000.

Expenses can include airfare, transportation, up to 3 nights of hotel stay, and food/refreshments.

After the conference, please submit your receipts for eligible expenses, up to the maximum award amount of $1,000, to ieeeisaia@gmail.com, along with a copy of this award letter. The conference committee will assist you with the reimbursement process.

Finally, please provide us as soon as possible with your photo.

Please note that your photo may be published in various IEEE media

Once again, congratulations, and we look forward to seeing you at the conference.

Best Regards,

IEEE ISAIA 2026 TPC Chairs

Jawad Siddiqui and Anisha Apte
